

## Ideation Conference 2021 (digital)

### „From Fungi, Robotics and Universal Health Coverage. Perspectives on health from nano to the macro level“

**Time:** Wed, 21.04.- Fri, 23.04.2021

**Location:** TU Berlin (webex)

1. Day Wednesday, 21.04.		
10:30	Arrive	
10:40	Welcome by Prof. Dr.-Ing. Christine Ahrend, Vice President for Research, Appointment Strategy, Knowledge & Technology Transfer of the TU Berlin	
	Presentation of the agenda by the TU Dialogue Platform	
	Warm-Up	
11:30	Keynote-Session	
	<b>Keynote I:</b> Prof. Dr. Dr. med. Sabine Gabrysch (Charité Berlin; Potsdam Institute for Climate Impact Research)	
	Chair: Prof. Dr. med. Reinhard Busse (Dept. Health Care Management, FAC VII)	
	<b>Keynote II:</b> Prof. Dr. Maja Göpel (The New Institute, Hamburg)	
	Chair: Prof. Dr.-Ing. Vera Meyer (Dept. of Applied and Molecular Microbiology, FAC III)	
	Interactive panel discussion	
12:45	Lunch break & networking in the virtual room	
14:15	Workshop session I: method-guided idea development	
	<b>Ideation workshop I:</b> Humans as Meta-Organisms. Of microorganisms, organoids and prostheses	Prof. Dr.-Ing. Vera Meyer (Dept. of Applied and Molecular Microbiology, FAC III)  Prof. Dr.-Ing. Marc Kraft (Dept. Medical Engineering, FAC V)
	<b>Ideation workshop II:</b> Digitization and nursing care	Prof. Dr. Sabine Ammon (Dept. Knowledge Dynamics and Sustainability in the Technological Sciences, FAC V)

		Prof. Dr. Petra Lucht (Center for Interdisciplinary Women's and Gender Studies, FAC I)
	<b>Ideation Workshop III:</b> Health - Environmental Justice - Urban Development	Prof. Dr. Oliver Schwedes, Dr. Klimeczek and Dipl.-Ing. Lutz (Dept. Integrated Transport Planning, FAC V)
17:30	Digital <i>Get together</i>	
18:30	END	

## 2. Day Thursday, 22.04.

9:00	Arrive	
09:15	Workshop session II: method-guided idea development	
	<b>Ideation workshop I:</b> Technological innovations for a healthy indoor environment	Prof. Dr. André Fiebig, Prof. Dr.-Ing. Ennes Sarradj (Dept. Technical Acoustics, FAC V)
	<b>Ideation workshop II:</b> Faster to new pharmaceuticals in the future lab	Prof. Dr. Peter Neubauer (Dept. Biochemical Engineering, FAC III)
	<b>Ideation workshop III:</b> The Utopia of a Healthy City. Overcoming the barriers towards a „health-in-all-policies“-strategy in urban planning	Prof. Dr. Lars Steffensen (Dept. Architecture for Health, FAC VI)  ENAH (European Network Architecture for Health)
12:30	Lunch break & networking in the virtual room	
02:30	Workshop session III: method-guided idea development	
	<b>Ideation workshop I:</b> What are the links between health and the Sustainable Development Goals (SDG's)?	Prof. Dr. med. Reinhard Busse (Dept. Health Care Management, FAC VII)
	<b>Ideation workshop II:</b> Opportunities and risks of digital supply through Corona	Prof. Dr. Markus Feufel (Dept. of Ergonomics, FAC V)
05:45	END	

3. Day Friday, 23.04.	
09:30	Arrive
	Synthesis Session I: Presentation of the workshop results by the workshop leaders
10:45	Break
11:00	Synthesis Session II: What are cross-connections between the ideas developed?  Discussion with Prof. Dr.-Ing. Christine Ahrend, Vice President for Research, Appointment Strategy, Knowledge & Technology Transfer of the TU Berlin
12:00	Wrap-Up & and Check-out
01:00	END

The Ideas Conference is organized by the TU Berlin Dialogue Platform, [www.dialogplattform.tu-berlin.de](http://www.dialogplattform.tu-berlin.de). Contact: Dr. Stefanie Retzlaff | +49 (0)30 314-25389 | [stefanie.retzlaff@tu-berlin.de](mailto:stefanie.retzlaff@tu-berlin.de)
